This action is in response to the amendment filed 8/12/05.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Cancel claims 26-30.

Claims 26-30 are toward a non-elected invention, the election made without traverse in a paper filed 2/7/05.

Reasons for Allowance

2. Claims 1-15 and 19-25 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claim 1 is allowed for reasons of record set forth by the applicant in the remarks filed 8/12/05. In particular, the claim limits the method to "supplying a plurality of two-terminal memory elements between pairs of conductive array lines in a cross point array directly over the substrate, each two-terminal memory- element comprising a praseodymium (Pr), calcium (Ca), manganese (Mn), and oxygen (O), perovskite as a multi-resistive

state material;". This limitation, in combination with the other limitations of claim 1 is not taught or suggested by the prior art of record.

Claims 2-15 and 19-25 are allowed as being properly dependent upon allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
